"FIRE LIMIT" MAY BE FIXED IN CITY

ORDINANCE RESTRICTING ERECTION OF WOODEN BUILDINGS MAY BE PASSED

As a result of the destruction of Land and Buchanan's warehouse by fire last Monday night, it is very probable that at the next meeting of the City Council, Mayor Florence will ask that body to enact an ordinance prohibiting the erection of a frame or wooden building of any kind within the business district of the city.

Many business men in discussing the great danger to the entire business section from the warehouse fire, do not hesitate to declare that every effort should be made in the future to prevent the building of wooden structures close to business houses which might catch in the event fire broke out. A "fire limit" is urged, inside of which no wooden buildings shall be put up. Most cities have such building restrictions, and Stanford should adopt such an ordinance and prohibit such structures before it is too late.

REV. WILL HOPPER GOES TO EMINENCE

PROMINENT YOUNG PRESBYTERIAN PREACHER CALLED UP ON HIS GRADUATION

Rev. Will Hopper, who has just graduated from the Presbyterian Theological Seminary at Louisville, was here this week for a short visit to his parents, Mr. and Mrs. George D. Hopper, and other relatives. Mr. Hopper was on his way to Burnside where he will preach the graduation sermon on the school commencement. Upon his return he will go to Eminence where he has accepted a call to the pastorate of the Presbyterian church. In connection with his work in this thriving little city of Henry county, he will preach at the church at Pleasantville, a short distance at Eminence. Mr. Hopper's many friends at his old home are delighted to know that he will be so closely located, and they will have upon obtaining such a splendid young worker in the Master's vineyard to lead them on in the good work.

John Kochee

DIED AT OTTENHEIM AFTER A USEFUL LIFE.

John Kochee, one of the most substantial respected citizens of the Ottenheim section, died at his home there Thursday morning after a lengthy illness. He is survived by his wife, and several children, all of them grown, except one, a daughter who is at home with her mother. Mr. Kochee came to this country from Switzerland 27 years ago and has been engaged in farming in the Ottenheim section practically ever since. He was a faithful member of the Reformed church, and the funeral will take place with services at Ottenheim Sunday morning at 11 o'clock.

Bit His Finger Off

YOUNG MULE GETS GAY WITH WILL MATHEWY.

Will Mathewy lost about an inch of the index finger on his right hand Wednesday in a peculiar way. He was attempting to harness some young mules, when one snatched at him. Mr. Mathewy threw his hand up and the hybrid bit off the tip of his finger. The injury was caused by a physic inn, and while very painful, did not keep Mr. Mathewy from joining the jolly bunch of fishermen who went up to Rockcastle for a week's outing.

Gen. Madere's insurance army, after one of the bloodiest battles of the Mexican revolution, captured Juarez Wednesday and established therein the provisional capital of the Mexican Republic. Gen. Navarro and his entire garrison, composed of about 600 men, surrendered to Gen. Madere after a strong resistance. It was estimated that fifty Federal and fifteen rebel were killed and about 250 wounded on both sides during the fighting.

HORSE BURNS TO DEATH IN WAREHOUSE

LAND & BUCHANAN LOSE CONTENTS OF BACK STORE HOUSE AND CITY HALL CATCHES FIRE

The big warehouse owned by J. B. Hocker and located on the creek behind the store of Land & Buchanan was gutted by fire, which broke out late last Monday afternoon just after the Interior Journal had gone to press. The fire was a very quick one, the building being totally wrecked within a very short time, the contents burned, including a horse and brand new buggy and much hay, grain, feed and produce in which Land & Buchanan were large dealers. Mr. Hocker had no insurance on the building. He valued it at \$500 and had just spent about \$150 in further improving it. Land & Buchanan had \$800 insurance on their stock with the local firm of W. S. Fish, who handles only the most reliable companies. They had recently reduced their policy from \$1,000 to \$800. They estimate their loss above the insurance at about \$500.

This fire was one of the luckiest that has happened in the city, notwithstanding the fact that considerable damage was done. All day long the treasure from the power house had been shut off on account of a broken water main on Main street. It was only a very few minutes before the alarm of fire was given that Neely Stone had telephoned to the power house to have the water turned on again. Then, too, had the blaze come a few hours later in the night, and not discovered in time the possibilities are that the rear room of the Shanks building would have caught leading up to the destruction of the entire block on Main street, if not the whole business section of town.

The fire was discovered just before six o'clock, and had evidently been burning for some time, as when W. H. Land rushed to the double doors and threw them open after smoke had been seen curling out of crevices in the roof, a mass of flames and smoke burst out which drove everyone back. The fire department quickly had the hose out of the engine house adjoining and at work, but the blaze had gained such force, it was impossible to check it until the big building had practically burned down.

The rear extension of Hughes, Martin & Company's store, belonging to Ed Shanks, and built of wood, began to smoke but a stream of water played effectively upon it, soon had it safe, and undoubtedly prevented the whole of the block facing the courthouse from catching fire. The city hall and engine house also on the creek, and very close to the warehouse, blazed in the roof and behind but some quick work by the hose men also saved it, not however, without considerable damage.

The horse which was consumed by the flames had been recently bought by Mr. Land and was valued at about \$500. He also lost a brand new buggy which he had just bought from Pence Bros. for \$150. The animal had been fed but a short while before the fire was discovered and it is the general impression that a spark from a match, cigar or pipe or candle must have fallen in the hay. The animal evidently perished quickly through suffocation for no reason than it was heard by anyone at any time, and those who have seen fires in which horses perish say that in their dying agony they give utterance to the most blood-curdling cries of agony and distress.

Mr. Hocker said after the fire that he did not relapse the warehouse, as it was very much in the nature of a fire trap and endangered all the buildings in the vicinity.

Keep your warehouses, barns, and buildings of any kind protected with J. D. Weenre, the insurance man of Stanford. Then you are always safe whatever happens.

WRITES AGAIN OF EXPERIENCES IN FAR OFF ARIZONA.

Bonita, Ariz., May 1. Dear Interior Journal Readers.— If your clever editor will allow space in his widely circulated paper, I will try to briefly state some of my experiences in homesteading and some overland travel, in this part of the country.

After I had decided that I wanted a homestead in Arizona I had the pleasure of meeting with a settler from this part of the country, by the name of M. U. Rouse, a former Kentuckian of Boone county, and a most exceptionally generous man. After being his acquaintance about 30 minutes, I started as his company, from Tucson to this part of the country an overland travel of about sixty miles and consuming the most part of two days, as the trail is across the Santa Rita mountains.

Late in the afternoon of our first day's journey, Mr. Rouse caught sight of two coyotes passing wishfully over a nearby point, but his quick action with a revolver, dispersed their haunt.

We spent the night at An Gratus, a lodging station, where we found an open fireplace and tallow candles to heat and light our room. The next day the remainder of our trip was accomplished. We traveled around barrel canyon and by numerous, lead, copper and gold mines along the way. (In looking around a while I was taken with this part of the country. I filed entry on my homestead, which is located by the railroad at Bonita Station, which is forty miles south of Benson, on the Nogales branch of S. P. road.

I have built a cross-tie house less than four miles north of station. It is 7x14 feet, floor space, furnace heated and you can imagine very handy, as it is used as kitchen, dining room and parlor, the visitors are the most I have had at one time I spent three weeks, my first trip out homesteading without my mail as I get mail at Tucson, until the postoffice opens at Bonita sometime soon.

When I went in Tucson to get my mail, I purchased a pony and riding outfit and took a trip to the Salt River valley. I went via Red Rock, Florence, Mesa, Tempe, Phoenix to Glendale returned via Phoenix, Maricopa, Casa Grande, Silver Lake. I was out three weeks on the trip, traveled 450 miles on horse back in 14 days of the time.

In traveling overland one has the pleasure of seeing out on the plains or going to ranches. I preferred the plains most of the time. Some people say they would have been afraid, I say a cow boy's companion by my side which is never less than a six caliber revolver, with it for defense in my walking and God to guard over me all the time, I sleep soundly every night.

The week after my return I went to Tucson to get my mail, and on arrival there I found my brother N. P. Rigby and his wife, who have been in Idaho two years, there prospecting the country. They came home with me and are impressed with this section of the country for a location. To say that I am very much taken with this country, hardly expresses it. I would not return to Kentucky this summer if I didn't have a return ticket, etc.

I have a return ticket through that I will use, if nothing prevents, I will start on my way to Kentucky soon. I return by way of Los Angeles, San Francisco, California, Ogden, Utah, Omaha, Nebraska, Chicago, Illinois, Louisville, Kentucky.

I will be with bonnetcocks and Lincoln county friends in two months or sooner. With success to the L. J., and its many readers.

FRANK J. RIGBY.

STANFORD EASILY DEFEATS LANCASTER

LOCAL BALL TEAM PLAYS A NICE GAME WEDNESDAY AGAINST STRONG GARRARD NINE

It was nice easy picking for the Stanford High School team at Lancaster in the ball game Wednesday, when the local lads ran up a total of 9 to 3 over some boys. The score would have been more one-sided than that, had not Wallace Singleton been sent in to pinch in the seventh inning. Embury had already put the game on ice for Stanford and Capt. McCarty wanted to see how his speedy right-hander would perform. Wallace took an inning to get his bearings during which the Garrard boys made two runs, but after that he settled down and pitched nice ball.

Embury had the home "natters" on his staff throughout the whole time. He was slanting "em over, and during the seven rounds he officiated, he permitted only two hits. He batted like a fiend besides, getting three hits out of four times up, one of these a three bagger and another a double. This boy is some ball player when he is at

McRoberts Swung Like A Gale.

his best. Harris Coleman, who has been suffering quite a slump in his batting this year, regained his eye, slugging out two doubles in the game and Bill McCarty also got another two-bag hit. Herron pitched good ball for three innings, but the Stanford boys got him in the fourth and it was all over. Halcomb took his place in the seventh and yielded five hits and three more tallies in the rest of the game.

Stanford sent over a good crowd to the game, almost every one in the city carrying a big load of spectators. Lancaster comes here for a return game on next Thursday, the 18th.

One of the best games of the season to be seen on the local grounds will be against the strong team from the Eastern State Normal School of Richmond, which will be played here Saturday, tomorrow. The Normals defeated our boys at Richmond, 6 to 2, but the latter believe that they can retrieve this defeat and are going to work mighty hard to win against their conquerors. A big crowd will undoubtedly be present.

Lancaster scored first in the game Wednesday and the rovers went wild, thinking they had a chance to win. They got their run by a Texas League over third to Miller. He was safe at second when Singleton sniped McCarty's throw, which Miller was caught off between first and second and the Stanford boys were endeavoring to chase him down. Miller made a clean steal, of third and scored when Penny threw wild in third to catch him when he was again caught between the bases.

Stanford got this run back and another one for good measure in the fourth inning. Coleman, first up, led off with a double, and went to third and scored when Robinson threw wild to the far bag and Waters trotted low.

A corking double play by Miller unassisted, in the next inning stopped Stanford mighty quick. Embury led off with a double to left and it looked like more doings, but Embury snatched a nigh one straight to Miller who pulled it down with one hand and tagged Embury out off second in the same

Instant. Then Penny flew out to McRoberts, in center, who was ready with a big sack. He is a cracker-jack fielder, but light in his batting. He

me up everything out in his territory all day.

The swiftest game in the sixth when the Stanford boys got Herron's number correctly. McCarty led off with mighty double to left, and Coleman scored him with one in the same place. Singleton was thrown out but Waters was safe when Scholer let his grounder go through his legs. Bright shot another at Scholer who knocked it down, but threw a trifle wide to first. Joe Hill sent up a high fly which Hatten cried for, but missed, but Hill was called out, it being an

Penny Stole Three Bases.

inflied fly. Embury then cleaned the bases with a triple to deep left, scoring Waters and Bright.

In the seventh, Halcomb was sent to the mound for Lancaster, but the "linebackers" had found their batting eye and got him just as easy. He started by walking "Penny", who played a good waiting game all day, getting free passages to first three times. Penny went down on the first ball and was safe on Kinnaird's miff of Hatten's throw. He made a clean steal of third and scored on McCarty's hot drive by Halcomb. Coleman was out at first, but Singleton slugged through short. He took second on a passed ball but was thrown out at third on an attempted burglary. Halcomb muffed Water's pop-up but was thrown out at first on an easy grounder.

Singleton went in the box for Stanford in the seventh. Kinnaird put a grounder in for Embury who threw low to McCarty. The ball struck in front of the base, and bouncing at an unusual angle upward, struck the cracker-jack first baseman on the upper teeth loosening a couple of them and bringing the blood. The game was delayed a few minutes while he got over the shock, for the blow was a stunner, but he soon went on with the contest as if nothing had occurred. Hatten followed with a clean single to right which sent Kinnaird to second. Duty was out on an infield fly, and Herron singled to left scoring Kinnaird and Robinson's single through Embury on second scored Hatten. Singleton then settled down and struck out McRoberts and Halcomb was an easy out to Embury.

The home team could not touch Singleton after that, for he has a world of speed and good control. Stanford took over more in the ninth, just to show them still had their hands in. Coleman got his third hit of the day, stole second was advanced to third on Singleton's drive through Kinnaird and scored on Waters' out at first, spalding Hill, who was sent in to pinch in the seventh, to give him a work-out. He came to bat, and after swinging nicely twice, drove a hot one to short which Miller just did knock down and get to first in time to beat a fast run. The score:

MRS. A. D. ROOT PASSES AWAY IN OKLAHOMA

PROMINENT LINCOLN COUNTY WOMAN SUGGESTS TO DREAD TYPHOID WHILE IN WEST.

Mrs. Talitha Root, wife of A. H. Root, died Tuesday night at Roosevelt, Oklahoma, after a short illness of typhoid fever. Word of her death was received here Wednesday, and cast a gloom over the host of friends and loved ones of this good woman. She and Mr. Root had been out west but a few months, having gone there a short time ago to visit her sons, who are in business there doing well. The remains will be brought here Saturday for burial in the Stanford cemetery.

Mrs. Root was born in Lincoln and in the 59th year of her age. She was the daughter of the late John S. Murphy, and besides her husband is survived by four children, Messrs. A. H. Root, Jr., and Robert Root, and Miss Etta Belle Root, of Oklahoma, and Mrs. Leslie Carter, of Greenboro, N. C., and two brothers, Messrs. W. H. Murphy, and Mrs. L. M. Goodnight, of this county, and Mrs. S. C. Pratt, of Fowler Colorado.

Mrs. Root joined the Christian church in early girlhood, and had throughout her long life, been a faithful follower of her Lord. The body will arrive here on the 10.45 o'clock train from Louisville Saturday morning and be taken at once to Buffalo cemetery where services will be conducted at the grave by Rev. H. C. Garrison, assisted by Rev. Joseph Hallou.

BROTHER JOSIAH PLAYS HERE TO-NIGHT

CRAB ORCHARD ACTORS AND ACTRESSES TO BE SEEN IN CLEVER FARCE COMEDY.

The Crab Orchard Dramatic Club, composed of some of the most talented young men and women of the East End will present "Brother Josiah" at the Stanford Opera House tonight, and it is hoped a big audience will be present.

The presentation of this sparkling comedy drama at the springs a week or so ago was such a success that Mrs. J. F. Holdam was induced to take her company on the road, and it played to a big crowd at Hirohead last night. The object is to raise money to suitably furnish the Baptist church at Crab Orchard and many are interested in assisting this laudable undertaking.

All of the amateur actors and actresses in the clever play are well known and quite popular in Stanford, where they will receive a cordial reception. The cast of characters for the play is as follows:

Let's Go Too

JOLLY BUNCH OF FISHERMEN GO TO ROCKCASTLE.

A jolly crowd of Lincoln followers of Innak Walton left on the train Thursday morning for Cedarville, Rockcastle county, to go in a week or ten days' fishing. They took along all accessories needed to lure the fluky tribe, including plenty of bait. In the bunch were Dick Hampton, Will Fields, and his two boys, John and Henry, Henry Phillips and his son Albert, Will Mathewy, Wilfred Duncan, and Al. Hay and Leonard Sampson. There are some exceptionally clever lures in the gang so watch out for the fish stories when they return.

BIG OPENING AT ELIXIR SPRINGS

SPLENDID IMPROVEMENT MADE AND BIG CROWD IS EXPECTED ON HAND MAY 20.

Refitted, refurnished and with improvements which will make it one of the nicest watering places of the kind in the state, Elxir Springs over the Lincoln county line in Casey, will be opened for the season by Mr. R. M. Houchin, on Saturday May 20th. A large crowd is expected to be present on that day. The liberty band will make music and everyone will be made to feel that it is good to be there.

Mr. Houchin has spent time and money in improving Elxir Springs, until he has one of the most complete and up-to-date places of the kind imaginable. The splendid powers of its waters are too well known to need elaboration, and he now has ample and comfortable accommodations to take care of all who wish to avail themselves of the health-giving properties of the water. A splendid new two-story modern addition has been built to the main building, which is steam heated, and lighted by gas. It is equipped with large dining room, a nice parlor, hotel office and large, airy bedrooms. Hot and cold baths can be obtained, and the table services will be of the very best. Boarders will be accommodated during the season at reasonable rates and those who know what has done in the way of improvement, say that Elxir is bound to become one of the most popular summer resorts in the state. It is easily reached by way of McKinney.

Stabbed Cow

CRUEL ACT OF UNKNOWN FISHERMAN AT BARROW'S POND.

Some miscreant fisherman with his bump of cruelty fully developed badly maimed a fine Jersey heifer on the place of Sam J. Embury last week, by plunging a pocket knife full into the back of the animal. While riding over his place on Sunday, Mr. Embury found the heifer badly hurt and discovered a swelling on her back in which was imbedded the knife, the blade sunk in the quivering flesh to the hilt. He thinks that some fisherman struck the young cow for spite, probably when she came smelling about his coat or minnow bucket, and she, jumping quickly away, carried the knife off with her. He has the knife and believes that he will be able to find the owner, and if he does he will have him prosecuted. He has issued a notice, which will be found in another column of this issue, forbidding fishing or trespassing on his place and will prosecute violators to the full extent of the law.

Looked For Corpse

BUT SAM JOHNSON CAME BACK TO JUNCTION CITY SAFE AND SOUND.

Junction City May 11. One day last week the city papers contained an account of the accidental killing by a train at Paducah of Mr. Samuel Johnson, son of Mr. and Mrs. Cnleb Johnson, of this place. Preparations were at once started for the reception of the young man's body which was expected to arrive here Saturday evening. It did not come, but when the L. & N. passenger train reached here Sunday who should step down from it but Mr. Johnson in the flesh? To say that his parents and friends were relieved is to put it mildly. The mistake had been made by a strange man being killed at Paducah and the finding of young Johnson's valise which he had left in the depot.

Mr. John M. Keane has returned from a business trip to Lexington and Chattanooga.

Meadmore E. D. McMillan and William Trosper attended the C. W. H. M. at Hustonville on Friday.

Miss Ruth Tanner, of McKinney, is visiting her grandmother, Mrs. Elizabeth Owens.

A valuable Shetland pony belonging to Marshall Jaka Clem died Sunday of some disease peculiar to ponies.

George A. Bruce, of Parkville, was here Sunday. It is pretty evident that George is looking for Mrs. Bruce.

Miss Edie Ballinger, who was here demonstrating the virtues of Ch-Namel at a local drug store, has returned to her home in Lexington.

Mr. E. M. Williams, of Danville, is working the telegraph tower during the absence of Walter Hailer. Mrs. Williams accompanied him here.

115 New Subscribers in April

The Interior Journal added 115 new subscribers to its list in the month of April.

Considering the fact that the paper was already going to practically every family in Lincoln county, this was something of a record in subscription work. And it is further satisfying because not a single name was added as a result of a premium offer, contest or any other such scheme which is sometimes resorted to by newspapers in an effort to build up a large circulation. The new readers took the paper because they wanted it and paid their money in advance for it, which proves that they did.

Most of the new subscribers put on were added in the East End of the county, on the edges of Rockcastle and Pulaski counties, and over in those counties, where the I. J.'s indefatigable field representative, Mr. B. I. Blankenship has been working for the past few weeks. He will now finish up one or two points which have not been covered before in that country and then go through the southern section of the county, working around Wayneburg, and into Pulaski, collecting from old subscribers and seeking new ones.

The I. J.'s list is rapidly moving toward the 5,000 mark, which it is our ambition to reach very soon. And this will give us a circulation larger than any other country paper in the state and larger than most of the small city dailies, most of which the I. J. now eclipses. A strong effort has been made to induce the management to put on a piano popularity contest, but we have believed that personal solicitation coupled with a good, newsy paper would prove far more effective, as well as more satisfactory to the public at large. It is only by the kindly co-operation of our friends that we can issue a newsy paper. We want every bit of news that happens in the county, and appreciate the help which our many friends give us as well as the splendid letters of our family of correspondents. We have at last gotten our new press in good order, and should have no more trouble with too much ink. Our friends, the advertisers, are proving that they appreciate the wide range of the I. J. circulation and if they continue as they started in this good year of 1911

it will be but a short time until the I. J. will be a visitor three times a week to your home instead of twice.

As the campaign for democratic nominations before the state primary on July 1 warms up, the candidates are resorting more and more to the use of newspaper space to inform the people of their claims for preferment, the principles they stand for and what they propose to do to uplift the Commonwealth in the event they are elected. And this is very proper. It is said to cost \$5,000 for postage alone to send a letter to every voter in the state, and then the cost of paper and envelopes, and stenography, or printing has to be considered. On the other hand a candidate can reach not only practically every voter, but every woman and child in the state by the use of a small advertisement in the 110 country newspapers of the state, which at a cost of, say, \$10 to each paper, means an outlay of only \$1,100 to the candidate, quite a saving over the letter method.

A great many of the big fair associations of the country have completely dispensed with circular and billboard advertising, and are devoting themselves solely to newspaper advertising for publicity for it has been proven time and again that newspaper advertising is really the only effective method to get close attention of the people.

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kaner of Molino, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary relief. Syrup Pepsin will cure you permanently.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample, address him, Dr. W. B. Caldwell, 407 Caldwell building, Monticello, Ill.

HUSTONVILLE

U. S. Senator Thos. H. Paynter flew into town here Saturday afternoon in an auto accompanied by Lawyer Bob Hardin and Hon. Chauncey Pabey and wife. The Senator moved about among the boys in a very modest pleasant way and left a fine impression on all with whom he came in contact. He is conducting his canvass upon a high plane, indulging in no buncombe, subterfuges or maudlin sentimentalities. He is a clean man with not the least vituperation in his speech. He will have a strong following here, when the vote is counted. From here the party drove to Stanford and thence to Danville. Road McCormack certainly enjoyed his trip to Green river fishing on Monday last. He worked hard all day on the river determined to catch more fish and larger ones than anybody had so far this season. He arrived home for supper without even getting a nibble.

The Christian Woman's Board of Missions and Bible school convention of the 10th district composed of Harard, Madison, Pulaski and Lincoln counties opened its session in the Christian church Wednesday morning with a good audience present. Miss Sallie Elkin of Lancaster, is manager and she does it with ease, grace and promptness that would honor a much older person. Mrs. R. M. Jackson, of London, Ky., and Mrs. Judge Bettrum of Somerset presided with Mrs. Elkin. Addresses of Mrs. Gay, Mrs. Yumey, and Mrs. Clay Kaufman were splendidly delivered and greatly enjoyed by all present. There is no man or even a suffragette in "Harem Skirts" connected with this convention. Here it is conducted on a much higher plane than would be if there was a man butting in. It will be in session Thursday and Friday.

The musical entertainment given a few nights ago by Miss Catherine Thompson and Mrs. Harrison of Paris, at the Christian church was well attended by an audience that fully enjoyed both the musical and educational exercises.

Miss Thompson was from here—teen years ago and was quite a chuckle of a little girl when her father, Prof. Matt Thompson, bought Bourbon college and moved away. She is a highly accomplished pianist, and her old friends here rejoice over the success that she worthily enjoys. Mrs. Harrison's readings and recitations came fully up to the most favorable reports that preceded her.

Jno. S. May of Somerset a school teacher of the early day, around here was a delegate here at the convention. Although a cripple in one leg his mind is as clear and active as fifty years ago. His wife was a Lincoln county girl, Miss Sallie Thurmond who also taught in this county and immediate locality.

Miss Annie Dunn, of this place was called to the bedside of her sister, Mrs. Daniel Taylor who is quite ill.

Mrs. Emmett McCormack, Mrs. V. H. Morse, and some other ladies went to Roy's Mill on Green river Tuesday and caught a fine string of fish.

Mr. F. M. Yowell after quite a lingering illness better we are glad to state, he is able to come to town.

Judge Wm. Myers and Dr. J. G. Barker were elected trustees of Hustonville high school on Saturday by quite a good majority.

Our "live wires" in live stock dealing McCormack, Myers and Turner shipped a few days past to Cincinnati one carload of extra nice fat hogs, which they paid \$5 to \$14 cents.

Mr. P. W. Green of Lexington and Mr. and Mrs. E. W. Woods and son of Stanford were guests of their many friends here last week.

The Sexton of the Christian church held his county two hundred delegates in the church one day during last week's convention.

Mrs. Roy H. Ross, of Corbin, who arrived in our city this week to be the guest of her many friends and relatives here.

The ladies "Bible Convention" of the Christian church closed Friday night after a two days session full of interest and pleasure to those who attended. Somerset is the next place of their meeting. Several prominent strong men of the church was here and addressed the convention.

Lair's blood hounds had two calls to Pulaski last week. The first was near Burnside where they told the tale to the entire satisfaction of the Sheriff. The last call near Somerset failed from the fact that hundreds of people passed over the place where they were known to have passed, thereby ruining the dogs possibility of following the right trail. This method of hunt is a good one and a sure winner, if the tracks of the ones wanted are kept clear of other human tracks until the dogs get started.

A movement is gaining ground here to extend first street from Main street north into the Chas. Mack field and on to a point opposite the Jerry Adams home and extend two streets out to Danville street.

This will open up several very desirable building lots that are being called for frequently. There will be ample room on this street for ten or twelve nice houses beautifully situated.

There is no such thing as a vacant house in our place or even a vacant room. From the numerous inquiries there certainly will be no trouble to dispose of every lot in this new addition at once.

Mrs. V. H. Morse of Quincy, Ky for several years a resident of our city is the guest of numerous friends here who are giving her a royal welcome in every home in our city.

Business Man

William Adams, Candidate for Governor, is a Business Man.—Discussed by Editor Hodgenville Herald.

(From Hodgenville Herald.)

We are informed that Hon. William Adams, candidate for the Democratic nomination for Governor, is a business man of undoubted integrity, honest and upright in his business dealings, and that he is intellectually equipped to cope with any problem that may present itself in the management of either public or private affairs. It has long been proven that the honest business man, who is capable of the successful management of his private affairs, is also capable of the successful management of public affairs. The habitual office-seeker and professional politician is usually too much absorbed in promoting his own selfish interests to give the people that full measure of service promised, in his oath of office, Kentucky needs a business man in the Governor's chair at Frankfort for a few years. There is a lot of work to be done—a lot of things to undo. "Doing" and "undoing" will keep a business governor busy all the time during his four years' term of office. The Herald unhesitatingly says that it, believes he will, if nominated and elected, give the people of the State a wise, conservative and business administration and he will employ himself constantly in "doing" and "undoing" for the betterment of Kentucky. And another thing—Mr. Adams can win in November.

Maret-Boner

POPULAR YOUNG GARRARD COUPLE WED IN FRANKFORT.

The Frankfort News-Journal gives this account of a wedding at the capital which is of interest in this section as the bride and groom are both Garrard county people.

Miss Wade Lee Maret was united in marriage Tuesday afternoon to Mr. John Boner.

The wedding took place at the home of the bride's sister, Mrs. Grant Trumbo, at half past three o'clock and it was a beautiful affair. The attractive home of Mrs. Trumbo on the South side was bedecked with spring blossoms, tulips and valley lilies being used in profusion. Rev. Joseph Severance performed the ceremony in the presence of the immediate relatives and a few close friends. The bride wore a becoming tailored gown of tan and a large picture hat and was extremely handsome. She carried a huge bunch of valley lilies.

After the wedding Mr. and Mrs. Boner left for the Ekka for a several weeks trip and upon their return will make their home at Camp Nelson.

Miss Maret is the daughter of Mrs. S. A. Maret and since coming to Frankfort several months ago to visit her sister, Mrs. Grant Trumbo, she has made many friends who showered the happy couple with heartiest congratulations.

Senator Bradley says he will not take a hand in the nomination of the republican candidate for governor.

E. T. Franks has decided to take the stump in prosecution of his candidacy for Governor.

SAVED MANY FROM DEATH

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do he writes," "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, a gripe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well to-day because they took my advice to use it. I heartily believe its the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50 cent of \$1 bottle. Sold by Penny's Drug Store.

COW-EASE

RELIEVES CATTLE and HORSES FROM FLIES.

A liquid preparation carefully compounded from non-poisonous materials. It is of the right consistency for applying with a sprayer, and it will not gum up the hair or blister the skin.

Every dairyman and every owner of livestock should use COW EASE during the summer season. Its use is a humane act, and it also saves money for the stock owner, as a herd of milch cows that are sprayed regularly through the summer months will yield on the average from 10 to 20 per cent more milk than they would if COW EASE was not applied.

In the case of horses, a mottlesome horse will lose flesh in fly time, whereas if he is sprayed with COW EASE before driving, he will keep in good condition.

ECZEMA CURE A BEAUTY WASH.
Although D. D. D. Prescription has been recognized for years as the only remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash and all similar skin affections.

For this reason alone a bottle of D. D. D. should be kept on hand in every household. A trial 25 cents bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

Get a 25 cent bottle today and keep it in the house. Shugara and Tanuer, Stanford, Ky.

Ought to be an Easy Winner

R. H. WEST.

The above is a pretty fair picture of one of the cleverest citizens of Boyle county, who is asking his fellow democrats of that county for the nomination for County Assessor. He is Mr. R. H. West, of the good little city of Junction City, and his host of Lincoln county friends will wish that they had a chance to "dead-end" the line and put one in for him when the time rolls around. Mr. West has been a true blue democrat all his life, and none of his family has ever asked for office before. He is a grandson of the late "Dicker" West of Garrard county and his father was Thomas R. West. Mr. West has been in business in Junction City for a number of years at present representing a large Cincinnati produce house and engaging in the grocery business on his own account. He cast his first vote for Governor Cleveland and has been hitting 'em squarely under the roster ever since. If the democrats of Boyle want to honor a good square citizen, one who will add much strength to their ticket, they can not mistake to nominate R. H. West for the office which he seeks.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are common symptoms of kidney trouble, and you should seek a remedy which is recommended for the kidneys.

Doan's kidney pills is the remedy to use. It has cured many stubborn cases this vicinity.

Can Stanford residents demand further proof than the following testimonials?

H. Coomer, N. Fifth St., Danville, Ky., says: "Some years ago I suffered from pains through the small of my back and kidneys, especially severe when I attempted to stoop. I was convinced that my kidneys were diseased and as I knew Doan's Kidney Pills were good for such troubles I procured a box and began their use. This remedy acted just as represented and before I had finished the contents of one box, I was completely cured. My cure has been permanent and I, therefore, think very highly of Doan's Kidney Pills."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

AND THEY MUST LIVE

"I wish I were good looking. 'Tut, tut, if wishes were good looks, the photographers would never have to learn that lucrative art of flattering people in their pictures."

The *Latimer Library*. The library of the *Latimer* was begun 1,000 years ago. It contains 40,000 manuscripts.

"The best magazine in the world is the *Saturday Evening Post*. It has more good, high class short fiction than any other magazine published, and is issued once a week. All the ladies know what the *Ladies Home Journal* is; and it's now issued twice a month. Let the *Interior Journal* order either or both of these for you, or send in your renewal of subscription. It can save you money."

WARNING TO RAILROAD MEN.

E. S. Hason, 11 East St., Bath, Me., sends out this warning to railroaders: "A conductor on the railroad, my work caused a chronic inflammation of the kidneys, and I was miserable and all played out. A friend advised me Foley's Kidney Pills and from the day I commenced taking them, I began to regain my strength. The inflammation cleared and I am far better than I have been for twenty years. The weakness and dizzy spells are a thing of the past and I highly recommend Foley's Kidney Pills." Shugara and Tanner.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG.

SICK WOMEN WELL.

The many and varied symptoms of women's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1000 pages), a newly revised and up-to-date edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.
